1. Identification of the Substance/Preparation and of the Company/Undertaking

(a) **Product name:** Aeroseal®
    **Product identifier**
    DC260

(b) **Other means of identification**
    **Product Code**
    P627-00050

(c) **Recommended Use**
    Anti-corrosion tape with silicone rubber

(d) **Supplier Address**
    Nitto, Inc.
    1990 Rutgers University Blvd. Lakewood, NJ08701, U.S.A.
    TEL.+1-732-901-7905  FAX.+1-732-901-9354

Suppliers details (Plant)
    Nitto, Inc.
    1990 Rutgers University Blvd. Lakewood, NJ08701, U.S.A.
    TEL.+1-732-901-7905  FAX.+1-732-901-9354

Emergency telephone number
    +1-732-901-7905 (Nitto, Inc.)

2. Hazards Identification

(a) **GHS - Classification**
    Not applicable for article

(b) **Label elements**
    Not Applicable

Physical State:
    Solid

Odor
    Slight

3. Composition/information on Ingredients

The exact percentage (concentration) of composition has been withheld as a trade secret

4. First aid measures

(a) **General information**

    **If inhaled:**
    Will not occur

    **Eyes:**
    Immediately flush with large amounts of water for at least 15 minutes. Examination and treatment by a physician if necessary

    **Skin:**
    Wash off immediately with soap and plenty of water

    **Ingestion:**
    In the case of skin irritation or allergic reactions see a physician

    Immediately induce vomiting and then consult a doctor

(b) **Most important symptoms/effects, acute and delayed:**
    No information available

(c) **Self-protection of the first aider**
    Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves

    **Note to physicians:**
    No information available

5. Fire-fighting measures

(a) **Fire extinguishing agent**
    Dry chemical, CO2, water spray or regular foam

    **Prohibited media**
    No information available
(b) **Special exposure hazards in a fire**

- **Hazardous combustion products**: No information available
- **Explosion data**: No information available
- **Sensitivity to Mechanical Impact**: No information available
- **Sensitivity to Static Discharge**: No information available

(c) **Special protective equipment and precautions for firefighters**

- In the event of fire, wear self-contained breathing apparatus
- Use personal protective equipment as required

### 6. Accidental release measures

(a) **Personal Precautions:**

- Use personal protective equipment as required
- Protective gloves and safety glasses recommended

(b) **Environmental precautions:**

- Prevent product from entering drains
- Keep out of waterways
- Dike to collect large liquid spills
- Should not be released into the environment

### 7. Handling and Storage

(a) **Precautions for safe handling**

- Protective gloves and safety glasses recommended

(b) **Storage Conditions**

- Store at room temperature and normal humidity away from direct sunlight

### 8. Exposure Controls/Personal Protection

(a) **Control parameters**

- None under normal use conditions
- No information available

(b) **Appropriate engineering controls**

- No information available

(c) **Personal protective equipment (PPE)**

- **Respiratory Protection:**
  - None under normal use conditions
- **Hand Protection:**
  - Wear non-permeable gloves
- **Skin Protection:**
  - Wear protective gloves and protective clothing

### 9. Physical and Chemical Properties

9.1. **Information on basic physical and chemical properties**

- **Physical State**: Solid
- **Paint**: Gray
- **Odor**: Slight
- **pH**: No data available
- **Melting point / Freezing point**: No information available
- **Boiling point / boiling range**: Not Applicable
- **boiling point**: Not Applicable
- **Flash Point**: No data available
- **Evaporation rate**: No data available
- **Flammability (solid, gas)**
  - Non-flammable solid
- **Upper/lower flammability or explosive limits**
  - **Upper**: Not Applicable
  - **Lower**: Not Applicable
- **Vapor pressure**: Not Applicable
- **Vapor density**: Not Applicable
- **Specific gravity**: No data available
- **Solubility**: Insoluble in water
- **Partition coefficient**: No data available
- **Autoignition temperature**: No data available
- **decomposition temperature**: No data available
- **Kinematic viscosity**: No data available
- **molecular weight**: No data available
10. Stability and Reactivity

(a) Reactivity: Stable under normal conditions
(b) Chemical stability: Stable under normal conditions
(c) Possibility of Hazardous Reactions: No data available
(d) Conditions to avoid: No information available
(e) Incompatible materials: No information available
(f) Hazardous decomposition products: PTFE may decompose to hazardous decomposition products at temperatures above 400 °C. Thermal decomposition can lead to release of irritating and toxic gases and vapors.

11. Toxicological Information

(a) Information on likely routes of exposure:
   - Inhalation: Inhalation of the micro particles from heating item above melting point or above 260°C may cause polymer fume fever
   - Ingestion: Not Applicable
   - Skin: May cause skin irritation to sensitive individuals
   - Eyes: No information available

(b) Most important symptoms/effects, acute and delayed: No information available

(c) Delayed and immediate effects and also chronic effects from short- and long-term exposure:
   - Acute Toxicity: No information available
   - Skin corrosion/irritation: No information available
   - Serious eye damage/eye irritation: No information available
   - Respiratory sensitization: No information available
   - Germ cell mutagenicity: No data available on finished product
   - Reproductive Toxicity: No data available on finished product
   - Specification target internal organs/systemic toxicity (single exposure): No data available on finished product
   - Specification target internal organs/systemic toxicity (repeat exposure): No data available on finished product
   - Aspiration hazard: Not Applicable

(d) Carcinogenicity: No data available on finished product

12. Ecological Information

(a) Ecotoxicity: No data available on finished product
(b) Persistence and degradability: No data available on finished product
(c) Bioaccumulation: No data available on finished product
(d) Other adverse effects:
   - Ozone depletion potential (ODP): Stable under normal conditions

13. Disposal Considerations

Waste treatment methods

Disposal of wastes: Dispose of in accordance with federal, state and local regulations. The Customer is responsible for the proper disposal of any waste generated as a result of the use of the Product or of the Product itself, and is responsible for complying with all applicable laws, rules and regulations relating to the management, storage, treatment, shipment and disposal of such waste or Product ("Waste Management Practices"). "Product" includes anything sold by Nitto Denko Corporation and/or any affiliates or subsidiaries ("Company") to Customer. The Company is not responsible for any of the Customer's Waste Management Practices. As part of those practices, Customer must separate packaging from Product before disposal. Further, Customer should review and comply with this SDS prior to any such disposal.

Customer shall hold harmless the Company, its agents, contractors, successors and assigns from any and all liability, claims, loss, damage, death or injury, including reasonable attorneys fees and costs, arising out of or relating to Customer's Waste Management Practices.

Contaminated packaging:

Disposal considerations: Should not be released into the environment

14. Transport Information
15. Regulatory information

US Federal Regulations
  SARA 313  
  Not applicable

US State Regulations
  California Proposition 65
  Not applicable

* This product will not contain compounds in particulate (respirable) form under normal conditions.

U.S. State Right-to-Know Regulations  
  Not applicable

Global Inventories  
  Not applicable

REACH 7 Article 33 Article SVHC notification (> 0.1wt%)
  None based on the current SVHC listing, as of the date of this SDS.
